BLOODSHED IN PESH.

A Conflict Between Troops and Rioteers.

PESH, May 1.—The labor demonstration here has been marred by a scene of bloodshed. Early this morning a large number of workmen gathered in front of one of the rolling mills. At first the men were orderly enough, but under the incitement of agitators they became aroused and bitterly denounced the alleged tyranny of their employers. They lost all self-control and engaged in a riotous demonstration which the police were powerless to quell. Troops arrived on the ground with bayonets. The crowd broke and fled in all directions.

ORDER IN ITALY.

ROME, May 1.—There is a partial cessation of work here and in the principal cities and towns of Italy today. Dispatches from all parts of the country show that order is being maintained. A few insignificant rows are reported at Milan in connection with the labor demonstration. The disturbances were quickly suppressed. At Naples a political inspector was wounded.

CHARGED BY SOLDIERS.

An Unruly Crowd in Paris Quickly Dispersed.

PARIS, May 1.—A row occurred this evening on the Place de la Concorde. A body of workmen wished to pass down the Rue de la Concorde toward the Elysee palace. The police barred the way and the paraders tried to force a passage through them. A squad of the municipal guards then charged upon the crowd, wounding a large number of men. The rioters fled in all directions. The persons arrested in the Place de la Concorde will be released at midnight. They are simply charged with refusing to move on. The police are holding the demonstrators in the Place de la Concorde have assumed their ordinary aspect.

No deputations of workmen visited the Elysee palace or the ministerial departments.

The prefect of the Seine, acting under the orders of M. Combes, minister of the interior, went to the Place de la Concorde and warned the municipal council not to receive deputations. The members of the council protested against this action, but nevertheless submitted to the minister's orders.

The municipal guards left the Hotel de Ville at 10 o'clock. Upon their departure the crowd began to sing "Marseillaise" and was dispersed by the police after a brief scuffle. Another skirmish between the police and eighteenthers occurred in the Place de la Republique at 10 o'clock tonight. During the fracas a man fired a revolver at the police but nobody was hurt.

At 11 o'clock all other quarters were calm and the extra police were being withdrawn.

At a late hour tonight the boulevards were thronged with excited people. In the Place de la Concorde the cavalry charged upon the crowd and several more arrests were made. The total number of arrests during the day approaches 200.

It is stated that in the Place de la Concorde thirty persons were wounded, but they concealed the fact in order to escape arrest.

IN PORTUGAL.

LISBON, May 1.—The day was observed with extreme quietude by the workmen in the city. A manifesto has been issued by the workmen declaring in favor of eight hours work as a legal day's work, and it has gained a large number of signatures.

OPORTO, May 1.—A manifesto was issued by the workmen of this city today, in which they condemn political agitators for trying to control their labor movement in their own interest. The manifesto further says that the men, after holding their demonstrations today, will resume their work and will ask the king to see that legislation is adopted by the cortes for the regulation of labor. The workmen as part of their demonstration, proposed to hold a meeting in front of the town hall, but this was forbidden by the authorities.

BELOW ALL ANTICIPATIONS.

LONDON, May 1.—The procession of working men which was held in this city today fell far short of the number which it was expected would take part in the parade. The line was composed of only a few hundred men. The procession marched to Hyde park, where a number of speeches in favor of the working men's cases were made. An attempt was made to hold a meeting at Hackney but the police would not permit it and the crowd was dispersed. Those taking part in the procession made no resistance to the police but quietly dispersed when ordered to do so.

GERMANY'S WORKERS QUIET.

BERLIN, May 1.—Nothing of an outburst character has yet occurred in connection with the demonstration by workmen. Work is proceeding in the usual manner in Munster, Wiesbad, Strassburg, Muenster, Stuttgart, Bonn, and Cologne. The day was observed with little enthusiasm in all these cities.

Two hundred and sixteen of the proprietors of the smaller manufacturing establishments closed their establishments today and gave all their employees a holiday.

DANTZIG, May 1.—The authorities here issued an order forbidding the holding of meetings today and marched to the town hall where a petition was presented to the authorities asking for the establishment of an eight hour working day.

BRUSSELS, May 1.—An immense meeting of workmen assembled at Charleroi today. Thirty thousand men marched to the place of meeting, all singing the Marseillaise. The men were orderly and there was no trouble.

A procession numbering 300 miners was formed in Liege today and marched to the town hall where a petition was presented to the authorities asking for the establishment of an eight hour working day.

EIGHT HOUR LAW ASKED.

PARIS, May 1.—A deputation of workmen went to the chamber of deputies this afternoon and presented a petition asking that the chamber make eight hours a legal day's work. A large crowd gathered on the boulevards in the vicinity of the chamber, completely blocking them. The cavalry, which was doing special duty today, quickly cleared the way for the deputation to proceed.

Dispatches at noon from Marseilles, Bordeaux, Nancy, Beaurieux and Lille, said that no disturbances had occurred in any of those places and that tranquility prevailed in the streets.

DISPERSED BY THE POLICE.

LONDON, May 1.—Five hundred disorderly men gathered on the Thames embankment this morning bent on making some kind of a demonstration. A force of 2,500 police was on hand, however, and the mob was dispersed by them.

A disorderly mob will attempt to hold a torchlight procession tonight, but the police will likely suppress any procession of that kind. There is every indication that the proposed demonstration will prove a complete fiasco.

QUIET IN SPAIN.

MADRID, May 1.—The reports received here this morning concerning the May day demonstration show that tranquility prevails throughout the provinces. The strikes in Valencia, however, are spreading. The employees in all the trades there are joining in the movement for the establishment of an eight-hour working day. The theaters in Valencia will be closed tonight.

RIOTS AT MARSEILLES.

MARSEILLES, May 1.—At midnight disorderly crowds gathered in the Cour Belligerine. The police were powerless to disperse the mob. Noisy groups elsewhere were dispersed by the naval police. A riotous mob pillaged an oil mill, thirty men were arrested. One hundred persons altogether were arrested during the day.

SUGAR BEETS IN CANADA.

TORONTO, Ontario, May 1.—The experiment with sugar beets, seed from central Germany and Bohemia has been very successful in Ontario, and a large acreage has been planted this year. It is estimated that this season's operations be successful, 70,000 acres will be put under cultivation next year. The yield from this acreage would equal the entire Canadian sugar supply, and give employment to forty large refineries. The value of one acre of the beets is equal to that of the product of four acres of any kind of grain.

Sound Advice.—We conscientiously recommend our readers to try Sarsaparilla in all cases of rheumatism. The workmen as part of their demonstration, proposed to hold a meeting in front of the town hall, but this was forbidden by the authorities.

BOSTON CARPENTERS OUT.

BOSTON, Mass., May 1.—The strike of carpenters of this city for an eight hour work day was formally inaugurated this morning. About 1,500 men are out. It is estimated that there are 3,000 men in this city who have been granted eight hours by about 100 employers who are now members of the Master Builders association. The men have the approval of the carpenters union in continuing at work.

An enthusiastic meeting of 800 strikers held this morning to celebrate the institution of the eight hour work day. Addresses were made by several labor leaders and the men were pleased with the state of affairs.

EMPLOYERS CONCEDEING DEMANDS.

DETROIT, Mich., May 1.—July 2,000 carpenters are out in this city today. The strike is to be short lived, however, as the principal contractors are conceding the men's demands and it is thought work will be pretty generally resumed tomorrow.

UNDOUBTEDLY LEPROUS.

BOSTON, Mass., May 1.—Mrs. Durgin, Greenough, and Wicksbury yesterday examined the Swedish woman at quarantine and pronounced it undoubtedly a case of leprosy. The woman was passed as all right by the English port physicians at Liverpool.
